

PAIN IN ANKLE DISAPPEARED:

An older woman was complaining of pain in her ankle after tripping on a step a few days prior. She proceeded to explain that she had continually tripped through the years causing pain in this same right ankle. As one of the team members began to pray for her I saw in the Spirit that the problem was really located in her hips and knee. I asked her if I could pray for her frame, her skeletal structure in order to take the miracle that God has for her because Jesus carried all of her pain on the cross so she did not have to. I began with the upper back... we saw a ½ inch adjustment. She said that she felt an adjustment in her left shoulder as we were speaking to her bones, muscles, tendons, ligaments, etc. commanding adjustment. I did the neck thing speaking to the C1, C2, brain stem, etc. Then, I asked her to put her hands on her hips. I commanded the pelvic bones to adjust and the sacrum to be tilted properly... she began to move back and forth feeling the adjustment. Then, I asked her to sit... I held her ankles... ½ inch off... as I spoke, commanding adjustment, her right knee adjusted and her right leg grew out 1 inch followed by the left. When the right knee adjusted, the pain left her right ankle. During the process I commanded spirits of infirmity and accidents to go to the feet of Jesus. She felt something come up her body on the left side and leave through her mouth. A dark entity was expelled. She had been Spirit filled for more than 30 years and speaking prophetically for more than 20 years. However, she too was tormented physically by an evil spirit.

What kind of miracle do you need? Plan to come this Monday night at 5.30 pm in order to receive the miracle the God has for you.
