

### **Children... 3 and 5 year old got free**

Parents who were planning on adopting 2 children asked how they could get ministry for the children prior to adopting them. The children were in the DHS system and had experienced abandonment by their parents and rejection as well as other traumas as the result of being in the DHS system moving from family to family. We recommended that the parents come in first for ministry. They were very willing. Then, the mother to be brought the 3 and 5 year old in for ministry. The parents had already declared the door closing prayer over the children in their sleep. So, they were placed with 2 of our women ministers. Because one of them had experience as a teacher, they made the process of ministry a game. The children were taught to get their Jesus gun out and shoot at the devil. While the children were running around saying, "In the Name of Jesus go!" the mother to be manifested demonic activity. The mother to be was actually experiencing sympathetic manifestation with yawns and coughs while the children were telling the devil to go! Very interesting. We have had reports that the children are now doing very well acclimating to their new family with permanent parents. Another example of Jesus overhauls... parents and children.

### **5 Year Old Child Tormented by what he sees**

We received a call today from distraught parents who are concerned for their adopted child. The 5 year old boy is seeing an evil looking monster that is hurting them. We have had experience with other children that are tormented by the devil. We have found that when parents come for ministry, sometimes the problem is solved. Once the parents have received ministry, they have closed the door on the enemy and experience life in Christ at a new level. In the event the problem persists, we recommend that the parents declare the door closing prayer over the child while they are asleep. Then, they can fill out a list and command all spirits tormenting the child to leave in Jesus Name. Once this is accomplished, the parents can teach their child to pull out their Jesus' gun and shoot... in the Name of Jesus, GO! Children see in the Spirit better than adults and enjoy freedom from torment pretty easily.

What kind of miracle do you need? Plan to come this Monday night at 5.30 pm in order to receive the miracle the God has for you.
