

PANIC ATTACKS

Vanessa, a beautiful, born again, Spirit-filled young lady of 25, was tormented with panic attacks. This had been going on since she was 15. These anxiety attacks were coming upon her several times a day. She told me she couldn't even go out to eat anymore because of the panic attacks. She could not even date. Her life was miserable. She had tried numerous medications and professional counseling. She said her skin color would turn a bright red during these panic attacks. The minister who worked with her was able to find a root cause. She asked Vanessa to let the Holy Spirit take her back to the first time she experienced extreme fear. The Holy spirit took her to a time that she had been embarrassed in the sixth grade by a teacher. Unforgiveness had opened the door to a demonic attack of her emotions. Forgiveness, breaking an ungodly soul tie with this teacher, and inner healing closed this door forever. In addition to other spirits of darkness that harassed her, she was successfully delivered from panic attacks, depression, laziness and a spirit of embarrassment. She is no longer oppressed and harassed. She has the freedom to live a normal life as a Spirit-filled, faithful Christian. She was able to date and eventually was married because of the freedom she experienced!

What kind of miracle do you need? Plan to come this Monday night at 5.30 pm in order to receive the miracle the God has for you.
