

Contribute online at <http://delmin.org/donate>. Many are partnering with this ministry, sowing weekly and monthly into this ministry because we are affecting many lives in such a powerful way **Doing the SUPERNATURAL Works of Jesus.**

Deliverance Ministries functions because of volunteers who come on Monday nights to sow their time into the Kingdom of God doing the SUPERNATURAL works of Jesus. We need volunteers to do some office work.

Please tell your friends what you have experienced at Deliverance Ministries on Monday nights.

Local Ministry

5:30 pm Monday nights at 900 N. May Ave., location of the Faith Fellowship Church building and Heart Menders. Oklahoma City, OK 73107. Plan on coming for the full evening of ministry. The teaching and door closing prayers are mandatory to receive ministry. Most feel much better at the end of the evening because they have been desperate to do whatever it takes to receive their deliverance. Some are finished by 10:00 pm; others, need to come back after the first session. We minister until 11:30 pm for those who need it and for those who are unfinished, return the following week.

Thank you

The donation was for the wonderful ministry God has anointed you all to be! We hope to continue to sow into your ministries and into the deliverance anointing. We are serving God in the Washington DC area and want to bring freedom to many who need it. With many blessings and prayers for you all, Pastor Minoli

Testimonies

Gentlemen,

Your new website looks great!

Love the testimonials you send via email.

We just finished our first Freedom conference here in Dallas this weekend,

Attended by a small group of freedom fighters from various ministries.

In attendance were the pastor of a Dallas homeless ministry, another pastor of a ministry and a couple of young energetic ministry pastors who are key to taking deliverance to the next generation. One, in her twenties, has a ministry that focuses specifically on teens in small towns with limited resources across America.

It's all exciting and we all had the same mission: to grow deliverance ministries and make Truth acceptable in the mainstream.

Loved the stories about the work you are doing.

Tammy Kling

Sometimes ministry one day opens the door to something deeper. Recently, one of our team members was ministering to a woman who was tormented by an evil spirit. She totally engaged and was so transparent in the ministry. It was a blessing to see her so transparent and willing to do whatever it took to get free. The torment disappeared for one evening. However, the next night, it was back. Through exploring a couple of events the minister realized that there was an ungodly soul tie with a family pet. Because of inordinate affection for this animal they embraced error in a dream. You know, evil spirits come as angels of light for the purpose of deceiving the very elect. In addition, she and her husband had received ministry 7 years prior, by a minister from Africa. The torment started 7 years ago after the couple repented of specific sin. We are thinking that the torment came in because of a spirit that was resident in the minister from Africa. We are not here to accuse him. We are only here to set the captives free as we understand the roots of a problem that is tormenting. At the present time, she is reporting great freedom. She has committed to stay in touch so that we know her progress. Give it up for Jesus. He helps us every time by His Spirit healing the broken hearted and setting the captives free.

Hello Pastor Everett,

If the LORD blesses and says the same I will be back sometime next year. I do miss Deliverance Ministries. Yesterday I ended up ministering to someone "spontaneously" in her home. I was so surprised. I have a lot to say and I have been meaning to share some things with you. However, as it relates to yesterday, the LORD had me speak a word to a young lady as I was leaving her house. I was helping her with her business plan. She attends the church I have been going to up here. As I spoke and prayed for her, she fell out in the Spirit.

Then as she was getting up and we were finishing prayer, she manifested with pains and shaking so as the LORD led I called out the various demons. Because she could hear them and they were telling lies such as "she[me] has no power etc. she was so afraid! She got really scared and I called her up, she is saved and from there I explained to her what was happening and did a door closing prayer. She was thinking she was experiencing what the girl did in the movie "The Exorcist" because she has never been exposed to deliverance ministry before. She was thinking she was possessed. She was able to hear well and after i did a brief "introduction" as the LORD instructed and a door closing prayer, we asked the LORD what HE wanted us to deal with. The LORD said "shame". Thank the LORD I was able to get the head demon up. I had explained to her before that if the LORD desired we would do a more "thorough" session at a future time but for obvious reasons, which I know you understand, we would not be covering an extensive session because the LORD was moving and we had to be obedient.

"Shame" manifested and spoke about her past, and she confirmed the things the demon had said were accurate about where it came from. Fortunately, the demon wasn't very belligerent and was pretty cooperative and provided good and accurate information. After we dealt with the soul tie and control spirit the LORD spoke to her and we moved on. She is a strong Christian but relatively young in the LORD and is learning about the power of the Spirit, but she hears the voice of the LORD well. We asked the LORD what to deal with next and HE said "smoking". So i a called "smoking" up and again "smoking" was relatively cooperative after some prodding and poking by the angels. I could see angels in house as we were beginning. What was so interesting to me was that "smoking" said it came when she was 7 (which was true) and at age 5(also true) and I thought it was interesting. But I continued and the demon told much information about the assignment and its cadre. With smoking came: stress; anxiety; allergies, and about 20 or so demons alone, this young lady is only 27! but she has had this demon since 5 and 7. The assignment was to make her slow down, and keep her sick, and make her feel like she can't keep up. While she was in full manifestation with this one, she was unaware of what was being said. So after I asked about her smoking. She said when she was 5 she started chewing her mother's nicotine gum and at 7 she was sneaking her Grandfather's cigarettes! that's why the 2 reports about the time it started. The demon had also said that the assignment came through a generational curse from her Grandfather. I but she was delivered. She felt a burning throughout her body while they were leaving and her itching stopped and pain in her body ceased as they left. Afterwards we asked the LORD if we were finished, and HE said "yes, that's a start". So i explained to her if the LORD was happy I was happy and she was elated! As you can imagine! I directed her to the delmin.org website for further explanation and if the LORD directed we could do more in the future.

The LORD is awesome. She said it was a life changing evening and she was so grateful, and I of course told her to give glory to GOD. I also prayed over her house and the was a wave of the Spirit that felt like a wind blowing though, we both felt it! GOD IS SO GOOD!!

Also, no session would be complete without praying for her neck, back and legs and arms! Both her arms and legs adjusted about an inch and her shoulders adjusted well. Immediately she straightened up! She said she had been to a chiropractor and knew her hips were not aligned and her legs weren't the same length! But after JESUS!!!! she was all level! And afterwards she just kept looking at her arms and legs. When her back straightened, she had a slight curvature, she said she felt as if someone pulled her up! Pain in her neck left and she was just in awe because of the power of GOD. This afternoon she told me that she had the best sleep she has had in a very long while and she was so grateful!.

Well, this is long enough, I will keep you posted on any more testimonies here in Philly. GOD is truly awesome! When I mentioned the Garden City, KS, testimony to her about how they had driven 5 1/2 hours, she said, "I can believe it"! Truly the LORD has been good to us!

And this all made me miss home and DelMin even more. Be blessed. ...Marcella Hart

International Ministry

We have sent Everett's book and a training package of videos to several states in the US as well as the UK and South Africa. These training packages have been ordered on the web because we can now sell materials on line.

Kyle Upchurch, a deliverance team member, will be ministering to Santeria leaders in Cuba again in October of this year. He also is involved in team ministry on death row at the penitentiary in Muskogee. He has a great love for the lost, for those who are in a seemingly hopeless place. We need

to intercede for his ministry. In agreement with the prayers Paul asked the church to pray, let us pray that Kyle has unction and an open door for ministry in the hearts of people.

Recently, there has been a great interest in providing training to those out of state and in other countries via the web. This project is on my agenda to complete in the next year. Once we have it set up it will be easier to maintain. With this training, there will be certification of ministry for those who complete the courses. I am thinking that there would be some kind of testing program.
